NEWARK, OHIO, SATURDAY EVENING, FEBRUARY 19, 1921.

BANDIT HOLDS UP MAIL CAR; SHOTS RESISTING CLERK

Two Suspects Arrested After Gun Battle With Speeding Auto.

Believe Loot Will Total Several Hundred Thousand Dollars.

Little Falls, Minn., Feb. 19.—Two suspects were arrested here shortly after 3:30 a. m. following a gun battle with officers and are being held in the county jail here in connection with the investigation into the holdup of a mail car on the Northern Pacific railroad last night. One of the men was slightly wounded in the head and a deputy sheriff suffered a minor wound in his arm.

The men arrested gave the names of Buck Allen and Bob Ford, and said they were from Minneapolis. Deputy Sheriff Hub Freisinger was shot in the left arm and Ford in the arm. Neither is seriously hurt.

Sheriff Felix of Morrison county was notified that a car going at high speed was headed for Little Falls. He intercepted the suspects' machine and when they refused to stop, opened fire, which was returned. Allen and Ford are being held without charge pending further investigation.

Federal and state authorities today were searching for the bandit who held up three clerks on the mail car of train No. 2, eastbound north coast line, shot and perhaps fatally wounded one man, and escaped with registered mail valued at \$250,000. Several hundred thousand dollars' worth of mail was on board.

C. E. Strong, 52, of Minneapolis, a veteran in the railway mail service, was shot three times when he attempted to frustrate the robbery by throwing an iron bar at the bandit. His condition early today was said to be critical with but little chance of recovery.

The bandit boarded the train at St. Cloud, Minn., 65 miles before reaching Minneapolis, the last stop before. He presented a pass, which was found to be forged, and entered the mail car. He conversed with Strong and his assistants until the train passed through Bailey, 35 miles from here, when he pulled a gun.

Harry Christensen was ordered to bind his fellow clerks with wire. Strong resisted and was shot. Christensen then was forced to open a registered mail sack and the bandit swept its contents into a grip. As the train slowed down on the outskirts of Minneapolis, the robber dropped off and disappeared.

Members of the train crew did not learn of the robbery until the train pulled into the depot here.

Officials posted a good description of the robber. Postal authorities declined to estimate the loss, saying it would take several days to check up receipts. Unofficial estimates placed the loss at several hundred thousand dollars.

3 IN QUARANTINE ARE SUFFOCATED

Fire Burns Shack Where Trio Took Refuge When Smallpox Invades Home Near Warren.

Warren, Feb. 19.—Adna Chaffee, 26, Howard Smith, 11, and Henry Smith, 13, of Greene township, near here were found dead from suffocation in a shack when fire broke out in the building in which the three were living because of a smallpox quarantine following a case of smallpox in the Chaffee home, where the two Smith boys also lived.

The shack was a short distance from the Chaffee home. The cause of the fire is unknown but it is believed a stove in the shack, a small frame structure, was overturned.

AKRON COUNTRY CLUB BURNS; LOSS IS HEAVY

Akron, Feb. 19.—Fire completely destroyed the Portage Country club, one of the best structures of its kind in this section, early this morning with a loss estimated at \$125,000. The origin of the fire is not known. The club was discovered by the steward. The employees, and A. E. Saunders, London representative of the B. F. Goodrich company, a guest at the club, had a narrow escape from being burned. All were forced to flee in their night clothes, losing even their valuables.

The Portage is the oldest country club in Akron. It has over 300 members, numbering among them the most prominent men in this territory.

WALL STREET BLAST DELIBERATELY PLANNED

New York, Feb. 19.—The Wall street explosion last September, which took a toll of 39 lives and injured nearly 200 was "a dastardly crime intentionally committed" in the opinion of the grand jury which investigated the disaster. Dismissing the theory of an accident in a presentation filed upon its discharge yesterday by Judge McKee of general sessions, the jury expressed conviction that an "infernal machine was brought to Wall street in a wagon and there detonated."

FACES LIFE SENTENCE. Marion, Feb. 19.—Mack Vulliamy, 30, an Australian laborer today faced a life sentence in the Ohio penitentiary for the murder last December of Elmer Edwards during a quarrel at the new Columbus, Delaware and Marion Power plant south of the city. A jury last night convicted him of the murder, but recommended mercy. Vulliamy claims the fight resulted from a good natured "kidding match."

LIQUOR IMPORTERS MUST SUBMIT PERMITS

Washington, Feb. 19.—Importers of liquor for non-beverage purposes were instructed yesterday by Prohibition Commissioner Kramer to send sworn copies of their permits to consular officers abroad to serve as a basis for the certification of the invoices and acceptance of the liquor by the masters of vessels.

Reports have reached here, Mr. Kramer said, that masters of foreign vessels will not accept for shipment intoxicating liquors for non-beverage purposes consigned to persons in this country without evidence that the consignees are duly qualified to import such liquors.

SIX NEW TRUCKS ARE READY FOR DELIVERY

The American Motor company has on display on the west side of the square today six completed trucks of an order for twelve by the Canton Feed and Milling company. Various body styles and types of trucks are shown and a great deal of interest was displayed on the part of the public.

The trucks will be delivered to Canton for delivery to the army on road conditions become favorable.

FARMERS TO ASK HEAVY REWARD

Want Cuyahoga County Commissioners to Offer \$5000 For Arrest of Slayer of Teachers.

Cleveland, Feb. 19.—Cuyahoga county commissioners today voted reward of \$10,000 for information leading to the arrest of the slayer or slayers of Louise Wolf and Mabel Foote, Parma Heights high school teachers who were beaten to death on the village roadside late last Wednesday.

Cleveland, Feb. 19.—Two hundred farmers of Parma township, thoroughly incensed by the brutal murder of Louise Wolfe and Mabel Foote, Parma high school teachers, by an unidentified assailant late Wednesday, will hold an indignation mass meeting in Parma town hall tonight to find out whether any one of the county's 100,000 farmers have any information about the two teachers who were killed on a lonely road in the village.

The farmers also will discuss the question of offering a reward. Officials declared that Cuyahoga county commissioners offer a reward of \$5,000 for the capture of the slayer or slayers, will be voiced to the board of commissioners today by citizens of Parma.

Two men were detained by police this morning in connection with the crime. Police say the men visited a farmer in Parma about the hour the murder was committed and they believe they may be able to shed some light on the mystery.

The men said, it is alleged, that their visit occurred on Tuesday, the day before the murder and that after a visit with the farmer's wife they returned to the city.

Another night search was conducted last night by possees of farmers and deputies from sheriff's office. Barns and outhouses were visited again while the searchers fought their way through the undergrowth of shrubbery and trees in swamps and forests near the scene of the crime.

A third investigation into the murders was launched this morning when detectives from County Prosecutor Stanton's office joined the search. The two men who were taken into custody were to be conducted this afternoon, but there will be no letup in the effort to run to earth their slayers.

DOG TEAMS ARE IN ANNUAL SLED RACE

The Pass, Manitoba, Feb. 19.—Twelve teams, one of them to be driven by an Alaskan, have been entered for the annual 200-mile Hudson's Bay dog derby, which will start here on the morning of March 1.

Walter Coyne of St. Paul, who drove the winning team in 1920, has announced he will drive a team of 13 dogs of the Setter-Malamute breed.

The dogs of all teams will be equipped with moccasins and smoked glasses to prevent blindness from snow glare. The teams will be made up of from nine to 15 dogs.

UNDERWRITER AGENTS ASK FIRE DEMONSTRATION

The Central Fire company of the Newark fire department held a demonstration of their work at the Old Methodist church building at 1550 this morning for the benefit of Engineers of the National Board of Fire Underwriters. Ladders were put up on the building and hose placed and water thrown.

PRESS DELEGATES NAMED

Chillicothe, Feb. 19.—The following members of the Associated Ohio Dailies have been appointed delegates to the press congress of the world at Honolulu, October 1 to 14, by President C. W. C. Perry: F. W. Rush, Athens; Homer Gard, Hamilton; Roscoe Carls, Foster; W. J. Galvin, Lima; Mrs. Zola Hart, Denning; Warren, John Kasser, Marietta; L. E. Brush, Salem; Elbert H. Black, Sandusky; and Mr. Perry.

DRAFT DODGERS SENTENCED

Chillicothe, Feb. 19.—Sylvester J. Scheiber, Columbus, draft evader, was sentenced to serve five years at the Fort Leavenworth disciplinary barracks and to be dishonorably discharged from the army at the expiration of his sentence. Scheiber was employed during the early part of the war in the construction of Camp Sherman by a construction company.

WOULD PLAY GOLF WITH POSTOFFICE JOB AS STAKES

South Carolina Postmaster Challenges Harding For Contest.

President-Elect Side-Steps Offer and Tells Postmaster To Rest Easy.

St. Augustine, Fla., Feb. 19.—Selection of Charles Evans Hughes of New York to be secretary of state was definitely announced today by President-elect Harding. Mr. Hughes has accepted.

St. Augustine, Fla., Feb. 19.—Another projected classic of the world of sport went by the boards today when President-elect Harding declined a challenge from the postmaster at Greenville, S. C., to match skill with him on the golf links with a reappointment to the postmaster as a stake.

To the challenger's manager, Mr. Harding wrote that he regarded himself as only a miserable player and was unwilling to "have the administration weakened by basing its attitude on my incapacity as a golfer."

But he admitted that he liked the postmaster's "sport inclination" and if the conditions of the challenge were removed, he was willing to accept a match whenever opportunity offered.

The proposal to play for the postmaster's job as made in formal fashion by Louis Sherfesssee, who described himself as self-appointed manager for the postmaster, Thomas P. Pope, a Wilson appointee.

Writing to Mr. Sherfesssee, the president-elect said to Mr. Pope that he felt it would be safe to recommit him on the advice of his friends than to risk the appointment on the fortunes of the links.

"As a matter of fact," Mr. Harding's letter added, "I am giving no consideration at this time to any of the district appointments and I take it that Mr. Pope can sit easy for the present and have no worry about his situation. The ultimate course of the administration is quite another matter, though I am sure there has not been a definite policy decided upon."

TARIFF BILL SENT TO COMMITTEE CONFERENCE

Washington, Feb. 19.—By a vote of 190 to 132 the house today sent the emergency tariff bill to conference with the senate amendments. This is expected to expedite its final passage.

SOVIETS MENACE CITY OF TIFLIS

Constantinople Reports Say Three Divisions of Russians Have Approached City From Armenia.

Constantinople, Feb. 18.—The Republic of Georgia has been virtually overrun by Russian Soviet forces who are threatening it if they have not already occupied the city of Tiflis, capital of the republic, from which the Georgian government has fled.

Georgian Soviet elements took possession of the capital after the government's departure.

Reports here indicate that three Russian divisions have entered the "Paria of the East" from the flat desolate and frozen plains of Armenia, while other Bolshevik forces crossed the eastern shoulder of the mountain range and invaded Georgia from that quarter. It is expressed here that Moscow desires to hold Tiflis as a base from which the Soviet government can direct the advance of troops through Persia.

Several Americans are known to have been in Tiflis recently but it is believed they made their escape to Batumi where the United States torpedo destroyer Barker and Whipple are anchored.

The advance upon Tiflis was seen only by a controversy over a neutral zone in the "Donchikoff" district between Georgia and Armenia. Demands were sent by Armenia to Georgia asking that the latter withdraw its forces from the neutral zone on February 11 if being declared that Georgia was bound to do this under the terms of the treaty.

Georgia refused to meet this demand, and the Armenians advanced a force of troops which were attacked by the Georgians. The Russian Soviet government then ordered its forces forward to assist its ally, Armenia.

Dispatches received by the French foreign office today state that the city of Tiflis, capital of the Georgian Republic has been evacuated by order of the Georgian government. Several Bolshevik regiments of artillery are marching on the city, it is added.

TELEPHONE CASE IS RE-ARGUED TO COURT

The case of the City of Newark vs. the Newark Telephone company was argued in the Supreme court at Columbus yesterday by Attorneys H. C. Ashcraft, E. A. Bolton and Phil G. Smythe for the city and Edward Kibler of Newark and Mr. Radcliffe and Burr of Columbus for the telephone company.

Mr. Ashcraft stated this afternoon that the case was rearranged at the request of the court, no opinion having been rendered following the original argument March 5, 1920.

The telephone company seeks to obtain rates above those set by ordinance in the city, the telephone company being in a similar case which the Columbus phone company argued at the same time yesterday.

TWO SCHOOL TEACHERS BEATEN TO DEATH IN LONELY ROAD

Scene of the crime (arrows point to bodies of the teachers), and the victims, Miss Mabel Foote, left, and Miss Louise Wolf.

The murder of two high school teachers in a lonely road in Parma township, near Cleveland, Ohio, is classified as the most brutal one in the history of that section of the country. The teachers were Miss Mabel Foote

and Miss Louise Wolf. Miss Wolf was principal of the school, which consisted of two frame buildings in a country district. They left the school at 5 p. m. to walk two miles to the street car. Their bodies were found the next

morning by pupils. Tracks of only one assailant were found. The women had fought for their lives before being killed with a club. The women had broken an umbrella and fought until their hands were torn and bleeding.

NEWARK HAS OPPORTUNITY TO LOCATE CHILD HYGIENE BUREAU IN CITY

National Child Health Council Seeks Place For Demonstration of Child Health Clinics—Civic Bodies Here Must Act Promptly To Land Proposition.

Lacking county has the opportunity to be selected by the National Child Health Council as the county which is to be used for a period of five years for experiment work tending to child welfare. The Health Council has \$200,000 to spend in a period of five years in the county selected, in dealing with a child from birth to the age of sixteen years.

The county has the honor but one competitor, Richland county of which Mansfield is the county seat. Ohio was selected for the experiment, as it is conceded to have the best health laws of any state in the union. Certain requirements are set forth for the county to meet, and Richland and Licking are both equally qualified. The

factor to decide the location of the campaign, will be the spirit and enthusiasm shown by the community, which will be indicative of the co-operation which will be given to the future, showing Licking county be chosen.

Dr. Thornberg of the National Child Health Council, accompanied by Miss N. M. Merrill of the state department of child hygiene spent yesterday in Newark and at 2:45 o'clock last night addressed an exceptionally representative meeting of over one hundred and fifty. All the service clubs, the Farm Bureau, Chamber of Commerce, Red Cross, Y. M. C. A., Ministerial Association, Licking County Medical society and other organizations had representatives present, and addresses were given by both Miss Merrill and Dr. Thornberg, explaining the work planned by the Health Council.

The requirements needed to secure the location of the experimental demonstration, were explained and the plans of the demonstration were given. If Newark is selected, headquarters will be established here for a period of five years when instructive and constructive work will be inaugurated to reduce the death rate among children, to increase the efficiency of those children.

Those attending the meeting were most enthusiastic, and Dr. Stedem, who presided at the meeting as chairman, was asked "what does this mean and what good will it do Newark and Licking county replied."

This means that Newark and Licking county have an opportunity to wipe out the stigma of the public lynching which was heralded around the whole world a few years ago by the asking for this health demonstration," said Dr. J. P. H. Stedem, Saturday. "It will be (Continued on Page 2, Col 2)

FIND BODY ON PENNSY TRACK

Believed To Be That of Canton Man—May Have Fallen From Train On Which He Was Working.

The body of a man was found about 8 o'clock this morning along the Pennsylvania tracks near the Hughes crossing east of the city. His face was crushed almost beyond recognition. Coroner S. S. Richards was notified and with T. A. Bazler went immediately to the place where the body was found.

The dead man was thought to be about 25 years old, was below average height, and wore fairly good clothes. He carried cards in his pocket of the Railway Trainmen which bore the name of George A. Ebert of Canton, and other railroad books of the Pennsylvania road, and switch keys. He also wore a gold watch. It is believed that the man was a Pennsylvania brakeman and fell from a moving train.

The body is at the Bazler morgue.

BECAUSE

You appreciate the service the Church renders the community: in its fellowship you mingle with some of the best people on earth: it is the organization giving its whole attention to the cultivation of the spiritual side of man's life: even in a poor sermon there is suggestion enough to help one in the struggle of life and challenge him to new and higher duties: you will be setting a good example to others: THEREFORE

RESOLVE THAT YOU WILL ATTEND SOME CHURCH TOMORROW.

MAIL ROBBERS MAY HAVE USED MODERN PLANE

Postal Officials Consider Theory of Modern Means of Escape.

Plane Is Seen Near Toledo and Also At Lima.

Toledo, Feb. 19.—Officers investigating the holdup of a mail truck at the postoffice here early Thursday are considering a theory that the bandits carried their huge loot away from the city in an airplane. Residents of the West End report having sighted a plane a short time after the robbery and from the famous bluffs of the outskirts of Toledo came a similar report. A dispatch from Lima said a plane, not in the government mail service, alighted there for a short time.

Estimates of the loot taken when 11 sacks were seized and whisked away in an automobile continue to be indefinite. Officials still intimate that the amount was \$400,000 or more. So far no arrests have been made.

Additional postal inspectors arrived in Toledo last night to assist police and government officials in the search for the five bandits who held up postal employees early Thursday morning. It is said several of these known underworld rascals have disappeared since the holdup.

The bag found near Alvordton yesterday, and which was thought to be a part of the loot, was identified as a money satchel, common around here, and was not one of the registered mail pouches.

The exact amount of the loss is not yet available. Postoffice employees are checking up with stations in eastern points, but it will be a week at least before any definite loss can be announced.

BRIDE HURRIES TO BANDIT'S COY

Famous Western Gun Man Shot While Attempting Bank Robbery As Wife Prepares Anniversary Celebration.

Harrison, Arkansas, Feb. 19.—Henry Starr, Oklahoma reformed bandit, who turned bank robber again yesterday, because he was in debt, lay on a cot in jail here today fighting for life with death. Physicians said, slowly gaining the upper hand.

Meantime posses continued to search for traces of three men with whom Starr tried to rob the Peoples State bank at Harrisonville. They escaped after Starr had been shot down by W. J. Meyers, an officer of the bank. He sent a rifle bullet into Starr's body when the bandit forced him into the vault.

No trace of the men had been found early today. Starr steadfastly refused to divulge their names.

Mrs. Starr came here today from their home in Oklahoma to be at her husband's bedside.

Starr talked freely of the motives which impelled him to forsake his former life for gain. He was in debt, he said, and could not bear to call upon his friends to assist him.

"I did not know," Mrs. Starr said, "I would have kept him from doing it. The doctor said he knew Starr as the \$2,000 debt Starr assigned as the cause of his attempted robbery."

"He left me Wednesday night at Claremore, and said nothing about coming to Arkansas," Mrs. Starr said. "February 22 is the first anniversary of our wedding at San Antonio, Texas, and we had planned to celebrate it. Now everything is over. If he does not die, he will go to the penitentiary and he is getting to be an old man."

SLEEPING SICKNESS MAY BE POISONING

Battle Creek, Mich., Feb. 19.—Belief that many, if not all, the cases recently diagnosed as sleeping sickness throughout the country may have been botulinus poisoning was expressed yesterday by Dr. J. H. Kellogg of this city.

Dr. Kellogg stated that his research based on this theory shortly after three deaths occurred in Grand Rapids from botulinus poisoning which laboratory tests proved due to preserved sprouts. Botulinus is known as a sleeping sickness occurred here, Dr. Kellogg said, and two of them fatally. They were promptly reported to the government, he said.

Laboratory tests are now being made at Ann Arbor with the brain of one of the recent victims, Dr. Kellogg added.

ELECTRIC EMPLOYEES ASK INCREASE

Chicago, Feb. 19.—Chief of the Street Railroad Brotherhoods announced yesterday to consider petitions of employees of electric railways throughout the country for an advance in wages. The wages of these employees are regulated by private agreement and they have no status before the United States railway labor board, brotherhood officials said. The meeting has no connection with matters now before the railway labor board, it was said.

FRENCH GENERALS HONORED

Paris, Feb. 19.—The promotion of Generals Louis E. M. E. Franchet d'Esperey, Louis H. de Guise, and Marie Marie de France was announced today.

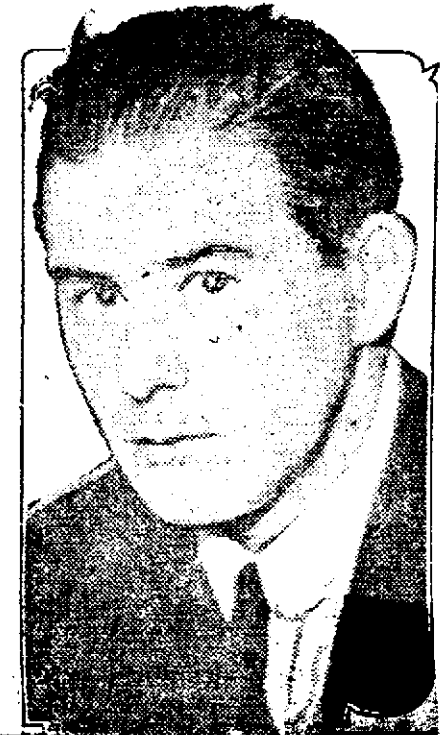

O'CALLAGHAN TO BE DINNER GUEST

Cork's Lord Mayor Will Be Greeted At Public Reception At Warden Hotel—Will Arrive Tuesday.

Newark sympathizers with the Irish cause are planning an elaborate entertainment for Lord O'Callaghan, Lord Mayor of Cork, Ireland, who will deliver an address on conditions in Ireland at the high school auditorium on Tuesday night. He will be met at the station by a delegation of citizens and escorted to the Warden Hotel where a public reception will be held. Following the reception, there will be an informal dinner at the Warden where the Lord Mayor as guest of honor.

CORK'S LORD MAYOR WILL TOUR STATE

Lord Mayor Donal O'Callaghan of Cork, Ireland, who will speak in Newark, February 22, and whose arrival in the United States several weeks ago as a stowaway, created considerable of a stir in official circles in Washington, will tour Ohio, speaking in behalf of

DONAL O'CALLAGHAN

the appeal of the republic of Ireland for formal recognition by the United States government. Announcement was made in Cleveland by Dr. J. P. Flanagan, president of the Ohio Branch of the American Association for the Recognition of the Irish Republic, that O'Callaghan will speak in Lorain, February 24; Lima, February 25; Toledo, February 27, and Akron, February 28.

SORORITY WILL GIVE REVUE NEXT MONTH

The Alpha Pi sorority has arranged with the Mabel Cargill Production company of Chicago to present the musical revue "Fads and Fancies" at the Auditorium theater, Thursday and Friday, March 11 and 12.

On many Ohio farms the baler follows closely upon the heels of the threshing outfit and from these farms the soft, early contribution of potash is sold off in great blocks of golden straw.

NEWARK

(Continued From Page 1)

the means of attracting the attention of the whole civilized world to our city and county and to a great humanitarian work—the conservation of health and life from the prenatal stage to a ripe old age.

Time work is already well financed and the National Council of Child Health is earnestly looking for a suitable location such as is described above to begin this great work and to carry it on for a period of five years by which time we will be ashamed to drop it.

There should not be any strikingly predominant racial stocks. The city or town should have approximately an average percentage of its population engaged in industry as compared with communities of similar size.

The town should be in a birth registration state and itself should have fairly complete vital statistics.

The community should express a hearty and fairly general desire to have the demonstration tried there. The state and local health and school authorities should join in or approve of the invitation.

The community should have the right of home rule in local affairs to a reasonable extent and it should be possible for it, under the tax laws and regulations of the state, to increase the expenditures.

NEW BRANCH MANAGER FOR HOLLAND FURNACE

Thos. W. Orr, Holland Furnace company branch manager in Newark, who returned recently from the service and sales school at the company's general offices, Holland, Michigan, makes an interesting report of conditions as the various branch managers find them throughout the central west.

MISSIONARY RALLY WILL BE HELD TUESDAY

The United Christian Missionary society of the Disciples of Christ, which includes nearly all the benevolent and missionary agencies of this brotherhood and represents thousands of special workers and millions of dollars of Christ in Fourth street, Tuesday.

AND HE DID!

AND HE DID!

A bulletin on "Grafting and Budding Fruit Trees" may be secured by writing to the Ohio Experiment Station, Wooster.

"NIGHTIE NIGHT" IS A CONTINUED SUCCESS

No comedy of the many that have been produced in the past few years has enjoyed the continued popularity of "Nightie Night" which comes to the Auditorium theater this afternoon and evening. Lauded in the Metropolis by both the public and the dramatic critics, it enjoyed a year of unprecedented success at the Princess theater, where more than 300,000 people saw it, the theater being crowded at each performance for the entire year. It scored the same triumph in Chicago and Boston, and has gone on this year with the same tremendous success in every city it has played; for this comedy is one laugh after another through the whole program and three acts.

"Nightie Night" is presented by Adolph Klaber, who has been unusually fortunate in the selection of successful plays his name has never been associated with other than great hits, and in this comedy he has put forth his greatest effort as a producer giving it his personal direction. The play comes here intact from its triumphs in New York, Chicago and the larger cities.

Contrary to what its name suggests, "Nightie Night" is not a bedroom farce, its fun is clean and wholesome, there are no dallying wives and unfaithful husbands, no coarse innuendoes, and the audience laughs without shame, for there is nothing to flush the cheek of the most sensitive. Seats selling.

BRYANT WASHBURN IN "THE SIX BEST CELLARS."
Bryant Washburn in an up-to-date minute screen comedy about Prohibition is the attraction at the Alhambra theater today. It bears the happy title

there is at least one management in the theatrical business which considers it bad showmanship to indulge in gross exaggerations and insincere promises that have some to mark the methods of so many theatrical organizations in recent years. Mr. Raymond Hitchcock is of the opinion that exact figures are what the public which support the theater has a right to demand.

"And so, of course, we'll stick to the figures," said Hitchcock one day recently. "But let not the gallant pressagent fall to go a step further than mere cold mathematical figures. Let him tell the world in words of flame the rest of the truth—what 'figures they are.' Seats now selling."

DAVID WARFIELD HERE IN "RETURN OF PETER GRIMM."
David Warfield and his supporting company will come to the Auditorium March 3rd, presenting "The Return of Peter Grimm," the most important, as well as the most timely, of the several plays that constitute the repertoire of this distinguished artist. The play is from the pen of David Belasco under whose direction Mr. Warfield has appeared ever since he became a star, nearly twenty years ago.

The story of "The Return of Peter Grimm" deals with the influence exerted by a kindly soul that has passed to another world upon those who were near and dear to him in this life. Mr. Belasco has woven this philosophical theme into a dramatic tapestry of supple beauty and color. It is an intense and moving drama with a spiritual background that illuminates its very episode. Mr. Warfield has so perfectly blended the elements that make up the unique character of Peter Grimm and reveals

large crowds at this theater on Washington's Birthday.

"THE FIRE CAT" FULL OF REALISM AND NOVELTY
The queerest assortment of animals and reptiles ever assembled for a motion picture will be seen in "The Fire Cat," the South American screen drama in which Edith Roberts is to appear at the Alhambra theater on Sunday.

Heading the list is an anteater, an elegant little animal who would be happy if some plodding ant would wend a homeward way wearily through his cage. The little insecticide was brought to the United States from old Mexico to furnish atmosphere for the picture.

Then there is a very swift young iguana which is nothing more nor less than a lizard. The iguana, it seems, is as common in the Andes as mice in a grass-plot and was imported along with an armadillo. An armadillo is a nasty little beast with a hard-shell skin who spends most of his spare time robbing graves. On the set, he hob-nobs with a bone-crushing culture.

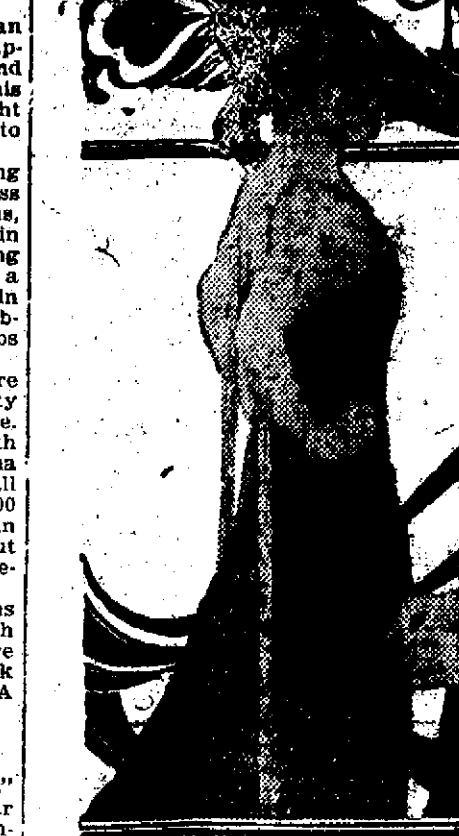

Then there is a very pleasant topic there are two baby llamas in the United States which will be seen in the picture. According to Davy, who is a South American and should know, the llama is a beast of burden who will toll all day under a definite load of say 100 pounds, but let some one add just an ounce to his pack and he'll pass out to the extent of laying down and declining to move an inch.

Unnumbered Chihuahuas dogs, sans hair, and mason fruit jars filled with active and dangerous Tabanillas are additions to the atmosphere livestock which will add color to the picture. A comedy is also promised.

story of "Sunset Sprague" gives him an opportunity to display his best horsemanship and in the midst of a pretty romance. Sunset Sprague is a happy-go-lucky cowboy looking for a job on the range when he meets a man who draws him into the guest for a

GOLDWYN Presents
WILL ROGERS
in
GUILE OF WOMEN
By PETER CLARK MACFARLANE
Directed by CLARENCE BADGER
PRODUCED BY GOLDWYN STUDIOS

A-2-3 Col.

ROGERS AS "YAL" IS A SCREAM.

Yal was "tough vit yimmen. The first girl he placed his faith in took his hard earned savings as well. Then his golden haired sweetheart back in Sweden left him in the lurch and he swore that for the rest of his life he would ignore the fair sex and stick to saluting.

But—"the best laid plans of mice and men gang aft agley"—and here we find the woman hater in such a hurry to get married that he goes through the ceremony in his bare feet.

of "The Six Best Cellars" and easily ranks with the six best photoplays this genial star has ever done.

"Wags" and "Drys" alike can laugh at this picture without scruple. The locale is a fashionable suburban comedy, and the central figures are six young married couples who are chiefly notable for the stocks of spirits that they have in their cellars. Mr. Washburn, as Henry Carpenter, one of the six, is trying to keep up with the rest but lacks the alcoholic backing. His efforts to acquire it and the complications that ensue result in a merry farce. The film has a unique ending—in fact, the ending is left to the audience itself.

Bryant Washburn is at his sidesplitting best and is ably aided and abetted by Wanda Hawley and others in the excellent supporting cast. Holworth Hall and Hugh Kahler are the authors of the original story which appeared in a popular magazine. Donald Crisp directed the picture. It is a Paramount Artcraft release.

A CUTEY CHORUS
In "HITCHY KOO," That cutie chorus of Sixteen Sweet Sixteens is the way Raymond Hitchcock describes the young ladies who furnish the dazzling beautiful backgrounds for the various ensemble numbers in the second edition of Hitchy-Koo, the emotionally successful musical comedy revue which is to be seen at the Auditorium theater next Tuesday.

In this connection it is announced that

Democratic Executive Committee.
A meeting of the Democratic executive committee is to be held at the club rooms next Monday evening, February 21, at 7:30 o'clock.

Meeting of Dollings' Friends.
Customers and friends of the R. L. Dollings company will meet the officials of the company at Masonic temple here next Thursday afternoon at 1 o'clock. Nothing will be offered for sale at this meeting. The Dollings company has over 45,000 customers in Ohio.

Warren Chapter Meeting.
The Most Excellent Master degree will be conferred at a special convocation of Warren Chapter, R. A. M., Monday night at 9:30. The work will be put on in full form. There will be present to witness the solemn and impressive ceremonies a number of the members of Coshocton chapter and it is expected that there will be a large turnout of the members of Warren Chapter.

South Newark School Meeting.
The South Newark Parent-Teachers' association met at Hartzler school Thursday evening. Mr. Barnes gave an address and a paper was read by Dr. Morgan. Pupils of the sixth grade sang several members. Three new members were enrolled.

Keller School Meeting.
The Keller Unit of the Parent-Teachers' association met Thursday afternoon. Several folk dances were given by the pupils of the second grade. Mr. Barnes spoke upon "The Development of the Child." Miss Banton's room was given the flag for the best attendance of parents.

Birth Announcement.
Mr. and Mrs. Orville Felumlee announce the birth of a son, Jack Vernon, at their home in South Pine street, Wednesday.

Woman Is Bruised.
Miss Mary Myers, Johnstown, was severely bruised about the head and arms when a machine she was driving collided with a Columbus Bread company truck yesterday afternoon at Wilson avenue and Broad streets, Columbus.

Returns From Chicago.
Charles H. Jones returned from Chicago Friday after spending four weeks in the office of the American Bottle company office. Mr. Jones will resume his duties as store keeper in the local office Monday.

Newark Minister To Speak
"What Has Raised the Devil in America?" is the subject of an address to be delivered Tuesday evening by Rev. Ira G. McCormick, of Newark, at a banquet of the Grace Brotherhood. This will take place in the spacious church dining room.

Attends Veteran Meeting.
S. J. Cook, W. D. Heffner and Patrick Leachy D. O. Veterans, received congratulations for 10 years service. They met at evening in Lima. R. E. Beggie vice president with headquarters in Cincinnati attended the meeting. John Doyle of the local veterans was able to be there. The three men who were honored are known in Newark.

Solicits Freight Business.
A movement to solicit freight business for the Baltimore and Ohio is on foot among the B. & O. Veterans. Cards are being mailed to the merchants and manufacturers urging them to use the B. & O. road in their freight shipments. Cards can be obtained from John Doyle or Dan Moriarity.

Birth Announcement.
Mr. and Mrs. Glance Baird of North Tenth street announces the birth of a son, Richard Carl on Tuesday.

Train Riders Fined.
Three colored boys arrested last night for train riding were fined \$5 and costs in municipal court this morning by Judge Bolton. The fine was suspended in each case if their promise to leave town immediately. Two drunks were fined \$5 and costs each.

Case Is Continued.
The case of Zoltan Torok, set for this morning, was continued for delivery to Judge Bolton today. Affidavit was filed by Harry Swisher charging Powers with embezzlement of \$250 sometime between May and September 1918 while he was in the employ of the cigar company.

OIL DEVELOPMENT CO. IS INCORPORATED
Announcement was made at Columbus today of the incorporation of the Northwestern Development company. The capitalization is given at \$50,000, with R. R. Jakeway and J. L. Thompson named as incorporators. Mr. Jakeway who lives at 139 Grant street, is in Florida and Mr. Thompson could not be located. It is understood the company is to develop oil lands.

SUES FOR \$30,000 ON CLAIM FOR MATERIALS
The Ludovick-Celadon company of Chicago filed an amended petition against Garfield L. Lane et al in common pleas court yesterday afternoon for the recovery on a contract to deliver goods and material, of \$30,025.51 with interest from June 5, 1920. The amended petition which was filed by Attorney Edward Kibler states that the company deals in tiles and similar materials and that the defendants are indebted to the company in the above sum for goods delivered.

INSTITUTE MEETING.
The Franklin Farmers' Institute held one of the most profitable and interesting meetings in the history of the organization Friday and Saturday, February 11 and 12. Notwithstanding the fact that the dirt roads were almost impassable the attendance was good, the average being more than 100. The interest and discussions were excellent. The state speakers were all able and interesting.

Mr. Wallin, the marketing expert
from the college of agriculture at Columbus, gave some profitable and instructive advice on how the farmer may help to improve and control the markets for his products.

Mrs. Hester gave two very interesting talks on "The Health Law" and "Parent Problems." Mrs. Hester's talk on the health law was especially good. She showed that it was our duty towards God and our fellow man to keep our bodies pure and strong.

The following officers were elected for the year 1921-1922: President, Orville Kreager; vice president, F. C. Osborn; secretary, Harold Orr; executive committee, Mrs. F. C. Osborn, Mrs. James Hunter, F. H. Wilken.

WOMAN IS ROBBED.
Toledo, Feb. 15.—A 15 year old bandit, wearing a mask, last night held up two women here in a grocery store and escaped with \$12 taken from the cash register. The store, located on Erie street was in charge of Mrs. W. J. Harrigan, proprietor, and her sister, Miss S. Weiss.

State of Ohio, Insurance Department, Columbus, April 16, 1920.—I, W. H. Tomlinson, Superintendent of Insurance of the State of Ohio, do hereby certify that the National Life Insurance Company of the U. S. of A., located at Chicago, in the State of Illinois, has complied in all respects with the laws of this State applicable to it and is authorized during the current year to transact in this State the capital stock business as specified in its license.

Statement, required by law, to be as follows: Aggregate amount of available assets, \$17,436,791.57; aggregate amount of liabilities (except capital), \$16,730,685.46; net assets, \$706,106.11; amount of actual paid-up capital, \$500,000.00; surplus, \$206,106.11; undivided profits for the year in cash, \$3,212,766.08; amount of expenditures for the year in cash, \$3,498,861.19. In testimony whereof, I have hereunto subscribed my name and caused my official seal to be affixed, the day and year first above written.

LEGAL NOTICE.
State of Ohio, Licking County, Court of Common Pleas.
Ruth Murphy, Plaintiff,
vs.
James Murphy, Defendant.
The defendant James Murphy, whose place of residence is supposed to be Los Angeles, California, will take notice that the plaintiff has filed her petition in the Common Pleas court of Licking County, Ohio, praying to be divorced from the defendant, and that the custody of their minor child, he decreed to her on the grounds of extreme cruelty and gross neglect of duty. Said petition will be for hearing after six weeks from the 16th day of February, 1921.

W. H. Tomlinson, Supt. of Ins.
B. C. MYTHE, Atty.

WILL MOST OHIO BUTTER BE TAXED 10c PER LB?

Practically all of Ohio's annual butter production of 60-million pounds will be taxed 10 cents a pound if a ruling recently made by Attorney General Palmer stands. In this opinion, creamerymen last passed in 1902 by Congress, the attorney general holds that all butter made from neutralized cream shall be subject to the tax.

Since practically all of the butter in Ohio is churned from cream that is sour when it reaches the creamery, lime water is first added in order to neutralize acidity.

Up to the present, sweet cream has generally brought the producer no more money in Ohio than sour cream. With the tax in prospect, creamerymen have been seeking information on cream grading.

To meet this demand, the Dairy Department of the Ohio State University is offering a two-day course in cream grading for all persons interested, on February 21 and 22. F. W. Bouska of Chicago, butter expert of the American

Association of Creamery Manufacturers, and faculty members of the dairy department will offer instruction.

A course for dairy manufacturers will also be held on February 23, 24 and 25. In addition to faculty members, O. F. Hunziker, formerly chief of the dairy department of Purdue University and W. O. Fohring, Cleveland, Lewis Work, Springfield, and C. B. Harpster, Columbus, commercial creamerymen, will offer instruction.

Metropolitan Petroleum Co.

OF MONTANA
Ernest Cornell, Secretary and Treasurer, Lewistown, Mont.

SPECIAL ALLOTMENT OF CAPITAL STOCK NOW OFFERED AT 50 CENTS PER SHARE

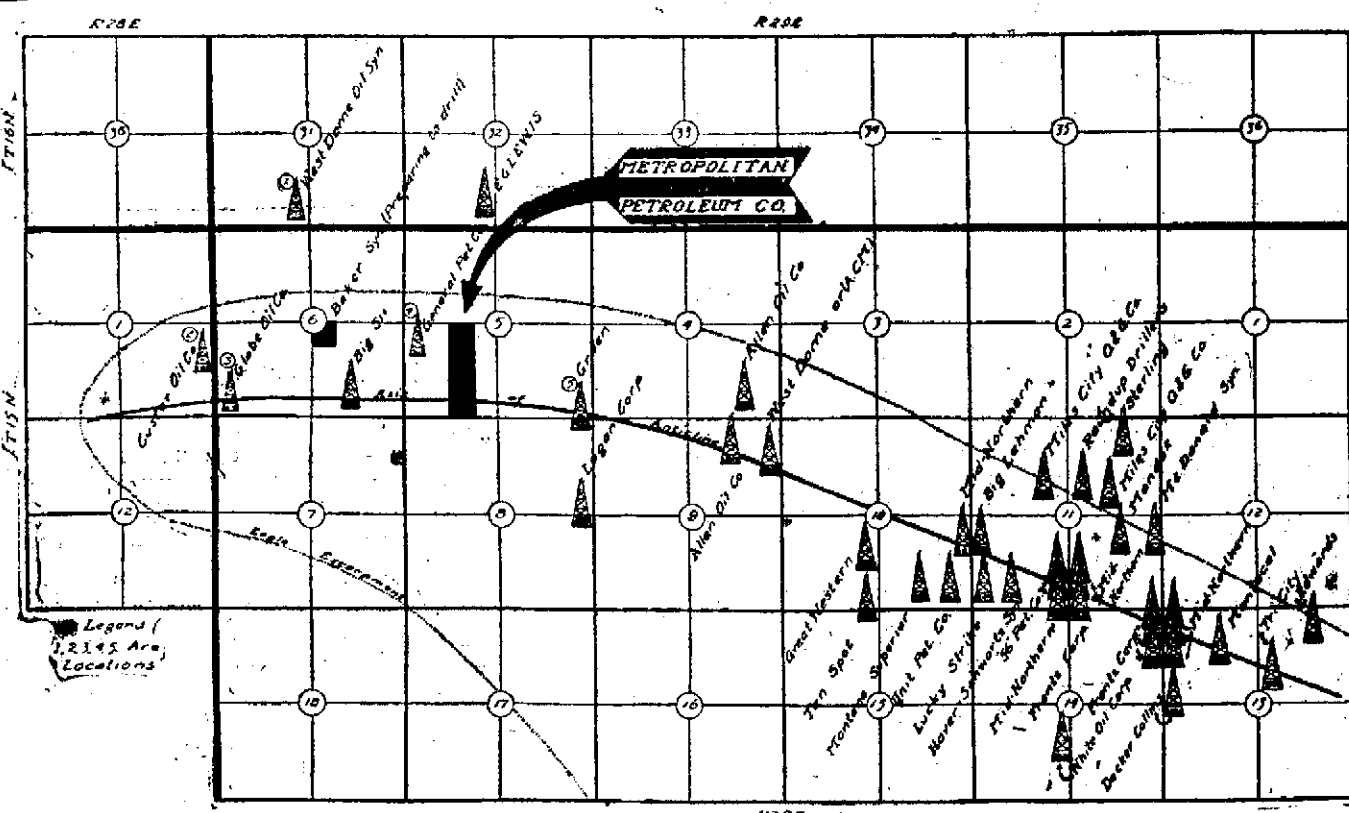

The first advance of our stock took place on January 1st when the West Dome Oil Company brought in a gusher and practically proved our ground, in this wonderful field of 1,000 barrel wells.

Then a few weeks later the Allen Oil Company brought in a well to the east of us, and now the Big Six, just directly west of us, is expected in hourly. Strong showings of oil through the shale would indicate success for them.

The Directors of the Metropolitan Petroleum Company are planning to advance the price of our stock to \$1.00 per share when the Big Six is completed. Perhaps no more stock will be sold because subscriptions are coming in so fast that we probably will not need to sell any more.

OUR HOLDINGS CONSIST OF 1000 ACRES

Below is shown one of our tracts located in the very heart of development work on the famous Cat Creek Anticline.

Notice we are directly on the Axis of this Great Anticline—squarely between the Big Six and Allen Oil Company, one a big producer and the other expected to blow in at any time. We are right where we should be to get big production, and we shall drill just as soon as conditions will permit.

All our other acreage is just as centrally located on three of the best geological structures in Montana.

160 acres in the Flatwillow Structure.
160 acres in the Winifred District.
640 acres on the Porcupine Dome.

Drilling is being done on all of these, thereby steadily increasing the value of our land.

You must act promptly to share our success. If you send your subscription today, you can get the advantage of the 50 cent price. Within a few days it will probably be \$1.00, so fill in the blank and mail now either to the Company or Ernest Cornell (formerly of Newark, O.), Secretary and Treasurer, Lewistown, Montana.

The Automobile Simplified

By FREDERICK C. GUERRICH, M. E.

An intimate talk on the working parts of the automobile, discussed in such a way that the layman can easily understand them.

If in reading these articles there is anything not clear to you, ask Mr. Guerrich about it.

Make this year's Automobile Correspondence School

Copyright 1917 by Frederick C. Guerrich

LECTURE NO. 57. The Disc Clutch.

The number of makes of cars which are equipped with the cone clutch and the number equipped with the disc clutch are about equal, the two making about 90 per cent of the makes of cars on the market. A cone clutch will be found on one of our highest priced cars and also on some of the lowest priced the same being true of the disc clutch. Thus the question, often asked, as to which is the better, is difficult to answer, and is entirely a matter of the opinion of engineers.

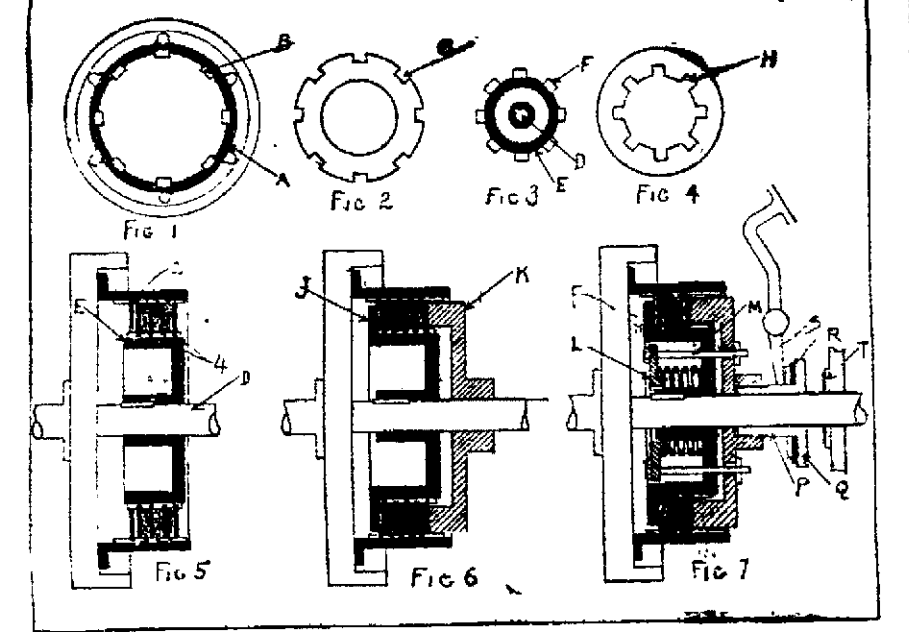

A good cone clutch will give little trouble, the same being true of a disc clutch, but if either is poorly designed or built it will give trouble, and much trouble.

We have seen the design of the cone clutch, let us now take up the design of the disc clutch.

Like the cone clutch, the disc clutch depends upon friction for its holding power. In the cone clutch the materials used have a very high coefficient of friction or holding power and the surfaces are so shaped that there is an inclined plane or wedge action, which will allow for a great pressure between the surface, with a comparatively small spring pressure.

The clutch spring must not be too powerful, as drivers of little strength must be able to compress it by pushing on the foot pedal, and they must be able to hold it in the compressed position for some time without becoming tired.

Thus the designers of the disc clutch have the problem of designing the

clutch to give a great holding power, with a comparatively weak spring, without having the wedge action of the cone which will give a leverage to the spring. How can this problem be overcome?

It can be overcome by having a number of friction surfaces, or, in other words, a number of clutches all pressed together by the same spring. Thus, while each surface will not hold enough to pull the car up a steep hill, each will hold some, and by having from two to 21 surfaces a clutch which will hold sufficiently to pull the car up the steep, yet grade can be designed, using a comparatively weak spring.

Having decided to use a number of surfaces, let us proceed to design a multiple disc clutch. We find that one set of the discs will have to be driven by the engine, while the other set will have to drive the rear wheels (through transmission, etc.), so let us fasten a drum on the inside of which are keys, to the flywheel. This is shown in Fig. 1, in which A is the drum and B the keys. We can then notch the discs in the outside circumference so as to fit on the keys, and be able to slide back and forth in the drum. Figure 2 shows this notched disc, C being the notches, or key-ways.

Practically the same thing can be

G. A. R. WILL OBSERVE PRESIDENTS' BIRTHDAYS

An open meeting will be held at the G. A. R. hall Sunday afternoon at 2 o'clock. A memorial program will be rendered in honor of Lincoln and Washington, whose birthdays occur this month. The meeting is open to the public. The program follows: Song—"America," accompanied by Central Church orchestra. Invocation—Chaplain J. W. Wilson. Selection—"Orechestra." Reading (Selected)—Mrs. A. J. Kennedy. Solo—"Miss Faye Perry. Recitation—"Bertha Harrington. Selection—"Orechestra." Address—"E. D. Leach; subject, "Lincoln and Washington." Song—"Columbia." Short Talks—"By Comrades. Benediction—Chaplain J. W. Wilson.

JACKSONTOWN FARMERS HAVE A GOOD INSTITUTE

An address by Earl Jones on the culture of wheat varieties, old wheat, the best wheat to sow, etc., was the feature of the opening session of the Jacksontown Farmers' Institute Wednesday morning. The speaker also suggested the standardization of wheat by communities and the selection of one variety. A meeting was arranged for next Wednesday night to perfect such an organization.

M. C. Harter gave a talk on Jersey cows, followed by a talk by H. L. Baker on how to buy cows.

In the afternoon session a recitation, "Why Teachers Know" was given by Evelyn Stotler. Earl Jones gave a talk on legumes and clover-acid phosphate lime through water and through crops, and highly recommended the use of lime. The best time to apply lime is on plowed ground, he said. The use of acid phosphate in proper rotation was urged. L. L. Mowls gave his experience in sowing lime.

Earl Jones talked on improving por-

SATURDAY SPECIALS

TWO STATES IN CLOSE CONTEST

Ohio and New York Are Neck and Neck In Number of Automobiles In Use, License Returns Reveal.

Ohio and New York are still running a close race for the honor of having the largest number of motor vehicles. Official registration figures from the two states received by the F. F. Goodrich Rubber Company show that New York was still leading on December 31, last, but by a very small margin. Ohio had made great inroads into New York's lead of a year before and gave indications of passing the eastern state before another year is passed.

The final figures showed that New York had 658,165 motor vehicles as compared with Ohio's 62,585. On December 31, 1919, New York had 566,511 and Ohio 511,081.

Ohio actually led New York in the number of passenger cars, having 338,090 as compared with New York's 319,272. New York more than made up this difference, however, by its larger truck and omnibus registration, having 132,524 while Ohio only had 83,200. The two states had an almost equal number of dealers' licenses, New York having 3,523 and Ohio 3,859.

Motorcycles are not included in the above totals. New York had 29,345 and Ohio 23,300.

In the first four weeks of Ohio's new year, 450,000 passenger cars and 75,000 trucks were registered, practically 90 percent of the entire number registered last year. This unusually large number is due, according to the Ohio registrar of automobiles, to the mild winter. Few motorists have stored their machines, he said.

INTERESTING NOTES OF MOTORING WORLD

Operators of motor trucks without speedometers or with worn brakes are subject to fines up to \$100 in Milwaukee, Wis.

Business men of Detroit have offered their services as civilian police officers, or the use of their motor cars, as an aid in ridding the city of criminals.

Governor Edward I. Edwards of New Jersey will open the first automobile show of the season in the east at Jersey City during the week beginning November 15.

The construction of a highway between Tokio and Yokohama has been authorized by the Japanese government.

With the development of better roads in Maine, there has been a decided increase in the registration of motor vehicles.

In the United States there are 15 manufacturers of aircraft and aircraft motors and 35 manufacturers of accessories.

Believing that automobiles are a necessity in fighting the automobile bandits in Philadelphia, the director of public safety asked that the police bureau be provided with 11 high powered motor cars for fighting this type of criminal.

Norway has 155 permanently established automobile routes operating on scheduled time in various parts of the country.

An invention has been perfected of a circular chart which records the mileage, speed and time of travel of an automobile every 24 hours.

Probably the main cause of dissatisfaction which is endangering the reputation of the entire automotive trade has been brought about by the practice of using imitation parts in automobile service and repair work by unscrupulous garage men.

Six saddle horses were recently transported from Stockton, Cal., to Reno, Nev., in big motor trucks crossing the high Sierras on the Lincoln Highway.

At an average of only two passengers per mile, automobiles in the United States carry four times the number transported by the railroads.

Don't push, don't shove. There's plenty of room at the top without crowding anybody off.

Exide BATTERIES

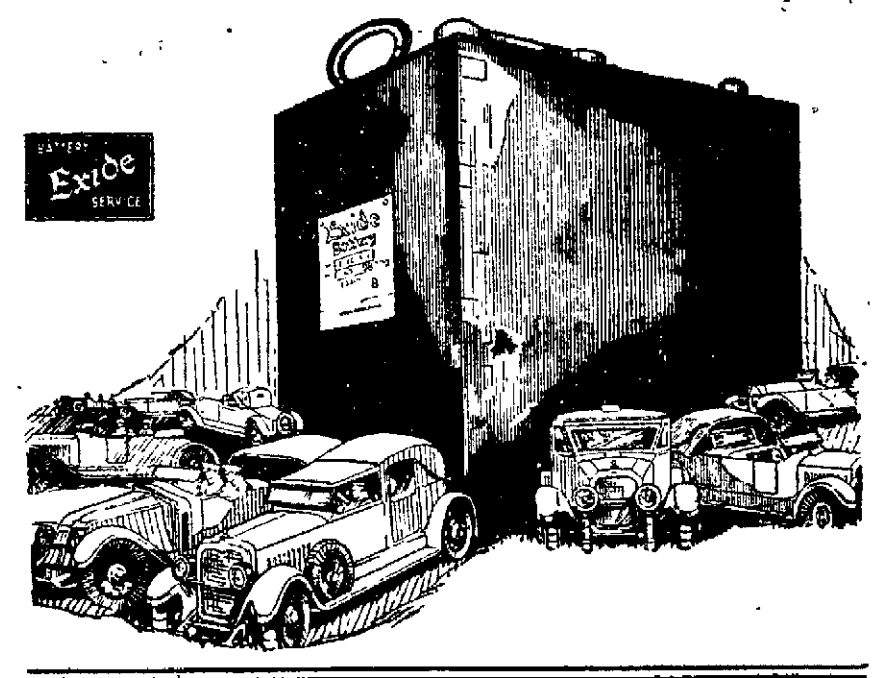

You Have a Right to Expect More than ordinary lasting power from an Exide Battery.

It was the first automobile battery, as it was in central station and other fields long before automobiles were invented.

The Exide for your car is the result of experience gained in every field by the oldest and largest makers of storage batteries in the world.
